Guide to Raz-Kids

A library filled with "Just-Right" books

From a **Computer**:

1) Go to website: https://www.raz-kids.com
2) Click on "Kids Login" – green button on right side of screen
3) **Teacher: jengelsnow**
4) Click on Child Username (capital first initial, last name – all one word)
5) Enter Password: Friends1
6) Click on Reading Room
7) Select books – You can explore the different sections (Favorite Characters, Nursery Rhymes, etc.) but the largest selection is "Leveled Library"
8) You can select books from any letter that is available to you. I control the levels to make sure students have plenty of "Just-Right" books. Your child has books that they should be able to read *independently* (with 95% or greater accuracy and comprehension). aa books are the easiest moving to Z as the hardest.
9) Students can choose to listen to the books by clicking on the headphones, or simply read the books by clicking on the book icon. Once the book has been read, by clicking on the question mark, students will be able to answer questions about what they have read.. *Students do not have to answer questions if they do not want to. The important thing is to READ books at the student's level.

To Access on a **Device**

Download Free App:
